The CC held a discussion in which they agreed that the YCRCD budget is reasonable, that the small grants (SG) program would use \$80,000 of unallocated funds, and that award amounts would be set at \$5K - \$20K. The group decided to have the SG program include all WS IRWMP goals and objectives and the draft timeline was set as follows: adopt guidelines at the next meeting and then open the solicitation; receive applications through October for a November CC review. The CC told Ms. Reza to include climate vulnerability scoring in the guidelines.
